Why Choose ATS for vCISO?	3
ATS' Proven vCISO Methodology	4
vCISO Services That Make an Impact	5
ATS' Commitment to Excellence	6

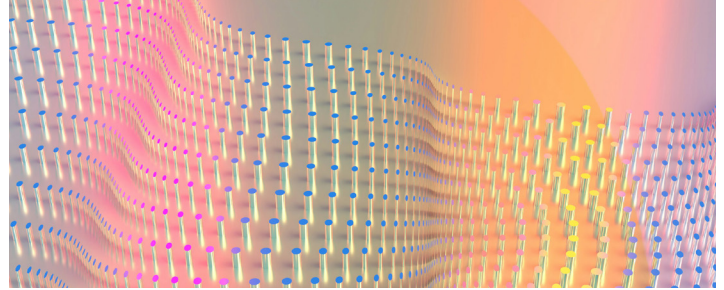

Secure your business without derailing its focus. ATS' vCISO services provide unparalleled access to experienced cybersecurity leaders who design and implement custom strategies aligned with your goals – without the expense of a full-time Chief Information Security Officer.

Whether you're addressing compliance challenges, mitigating cyber risks, or improving overall security maturity, ATS delivers expertise and measurable results.

# Why Choose ATS for vCISO?

ATS brings decades of experience and deep industry knowledge to help organizations like yours achieve their cybersecurity goals. Here's why businesses across sectors choose ATS:

## 1. Security Without Surprises

- Gain visibility into your cybersecurity risks with solutions designed to address your biggest vulnerabilities first.
- Protect your critical assets with strategies informed by real-world threat intelligence.
- Stay ahead of threats with proactive measures that reduce the likelihood of breaches.

---

## 2. Affordable Expertise

- Access to seasoned cybersecurity leadership for a fraction of the cost (\$4,000-\$10,000/monthly) of the annual cost of a full-time CISO (typically \$250k-\$350k per year).
- Eliminate wasteful spending with targeted, need-based recommendations.
- Gain a clear understanding of your cybersecurity investments with transparent, results-oriented guidance.

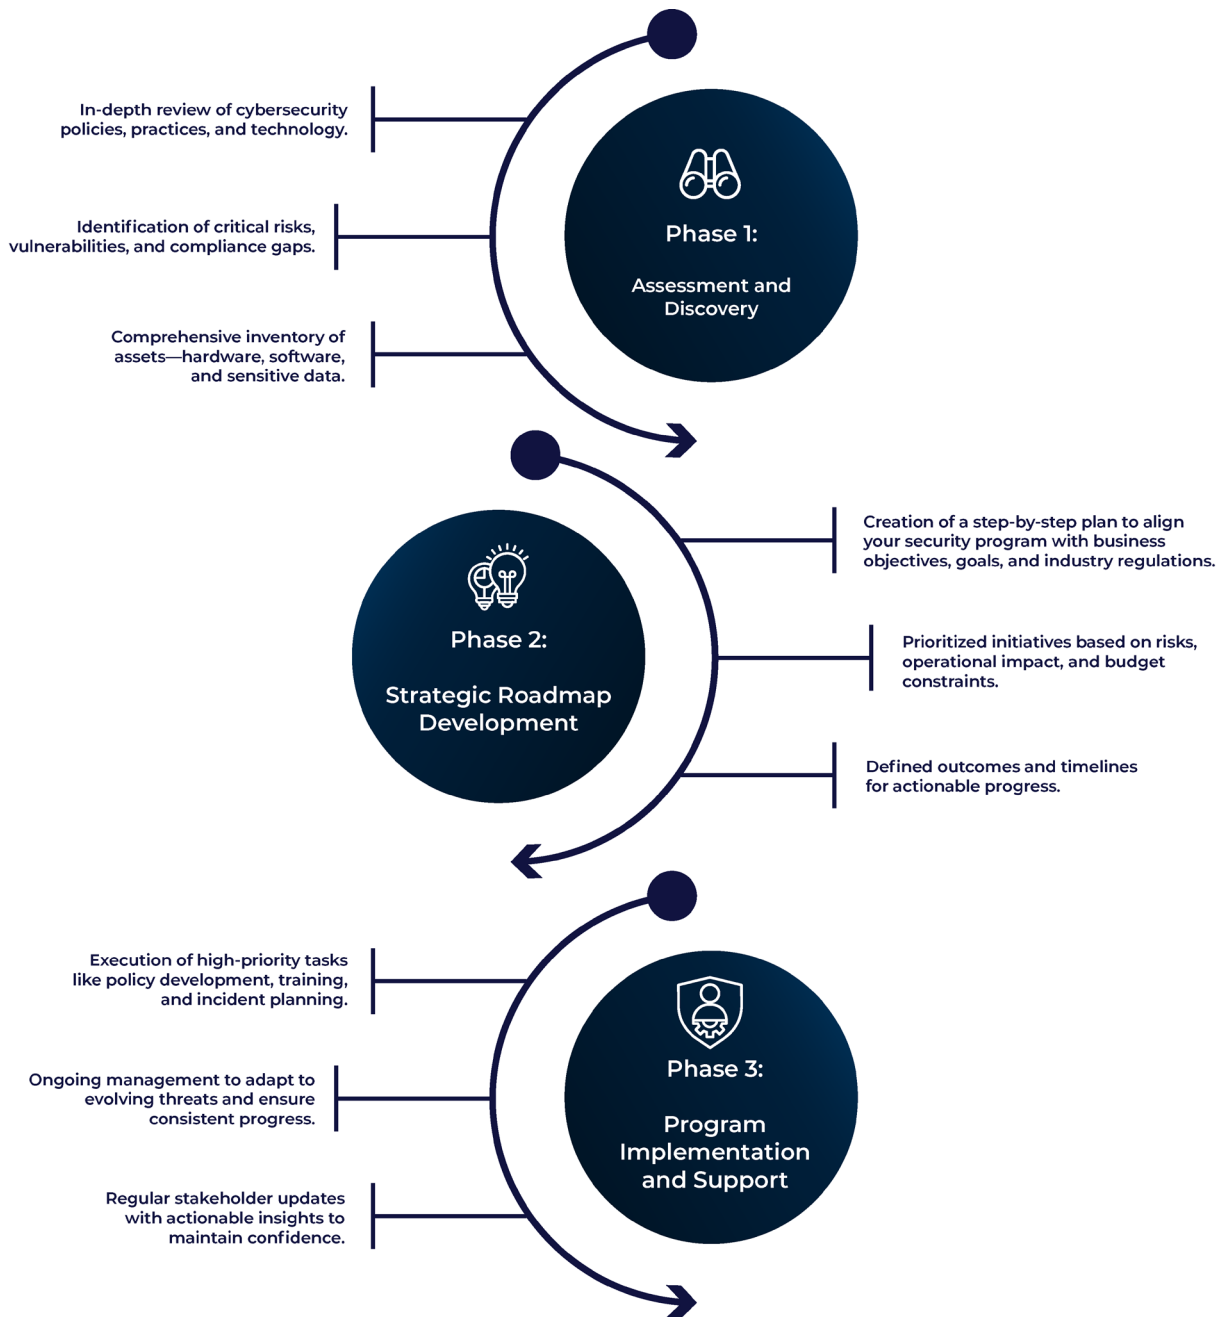

---

## 3. An Extension of Your Team

- Collaborate with ATS cybersecurity professionals who align with your staff and operational needs.
- Support your in-house IT and security teams with expert resources, from strategy to execution.
- Trust ATS to represent your organization in executive meetings, audits, and vendor negotiations.

# ATS' Proven vCISO Methodology

With ATS, you'll benefit from a phased approach that facilitates measurable improvements in your organization's security posture. Our methodology combines technical expertise with a deep understanding of business needs:

# vCISO Services That Make an Impact

ATS delivers more than guidance—we provide tangible deliverables that strengthen your organization’s resilience. Key deliverables include:

---

## Assessments

- Security posture reports with prioritized action plans.
- Gap analyses to highlight and address deficiencies.

---

## Policies and Procedures

- Custom-tailored security policies and standards.
- Detailed incident response plans with clear roles and actions.

---

## Continuous Support

- Quarterly, boardroom-ready reports tracking progress and next steps.
- Emerging Threat Advisory as it pertains to your environment.
- Ongoing regulatory compliance as your organization grows.

---

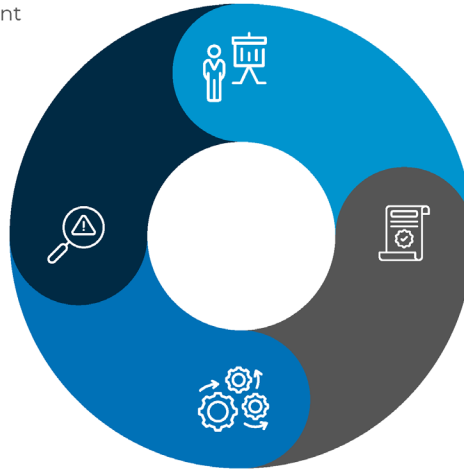

## Vendor and Third-Party Risk Management

- Development of a vendor risk management framework to evaluate and secure third-party partnerships.
- New vendor security assessment and questionnaire reviews.

# ATS' Commitment to Excellence

## Risk-Based Prioritization

- Develop best-in-class, actionable incident response policies.
- Test readiness with annual incident response exercises.

## Executive-Level Engagement

- Represent your organization in key meetings and audits.
- Provide status reports that inform and engage stakeholders.

## Incident Response Expertise

- Deliver thorough risk assessments and mitigation strategies.
- Focus on high-risk areas to maximize security improvements.

## Comprehensive Training

- Build and deliver impactful employee training programs.
- Facilitate tabletop exercises to prepare for real-world incidents.

---

## Ready to Strengthen Your Cybersecurity?

Don't wait for the next breach. Partner with ATS for strategic cybersecurity leadership to protect your business. Contact us for a free consultation and take the first step toward securing your tomorrow.
